

## More Than Inspections

In addition to inspection services, ESIS offers access to a full range of elevator consulting services through the VDA family. Whether you are facing a specific challenge or planning ahead, our team is here to support your vertical transportation needs.

### VDA **CONSULTING SERVICES** INCLUDE:

- **Equipment Evaluations & Reporting**
- **Maintenance Management**
- **Technical Specification Design**
- **Modernization**
- **New Equipment Design**

*ESIS inspectors are dedicated to inspection services and do not perform any consulting work, ensuring their evaluations remain completely objective and free from any conflict of interest.*
